UNITED STATES COAST GUARD

VOL. VII, No. 11, OCTOBER 1960

## Whose Trophy This Year?

Trophy time is drawing near--is your unit going to be the winner of the Gordon Canfield Trophy for 1960?

This coveted trophy, awarded last year for the first time, has been in possession of ORTUAG 03-973, Philadelphia, since it was presented to LCDR RAMBO, commanding officer of the unit, last February. On 1 January the trophy will be returned to its donor, The Coast Guard Washington Chapter of the Reserve Officers Association, until it is awarded to the winning unit for 1960.

Applications for 1960 are due in Washington by 20 January 1961. Criteria for this year's award will remain essentially the same, and any unit winning the trophy, can

well take pride in the year's accomplishments.

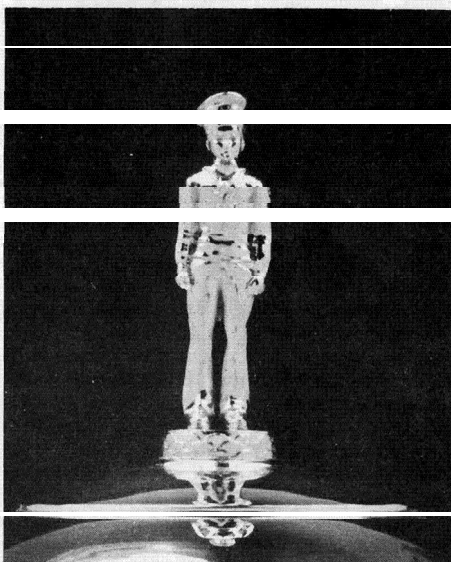

To refresh your memory, here

are the factors which will be considered. Major changes from last year's criteria are underscored.

1. Average percentage of drill attendance
2. Number of personnel who completed active duty for training during each of the past two years.
3. Percentage of men eligible for advancement to E-4 and above, last 12 months.

ing period 1 January to 31 December 1960.

4. Recruiting and veteran pro-

by enlistment of prior-service personnel. Transfer of ASP enlistment of unit members

are considered veteran procurement for this purpose.

5. Public relations activities conducted
6. Outstanding achievements and awards

as Unsatisfactory, Satisfactory, Very Good or Outstanding. In addition to overall the same ratings, for each of

the following elements: Organization. Material. Personnel. Readiness. Administration.

## Board Selects Five Additional RPA's

### Next Board to Consider Inactive Duty as Well as Active Duty Officers

Under the provisions of Personnel Instruction No. 37-52, a board was recently convened for the purpose of considering and selecting commissioned reserve officers on extended active duty for designation as Reserve Program Administrators. The following list of selectees was approved by the Commandant on 30 September 1960:

CDR Carl H. Bassano (35906)  
LCDR James L. Sigman (39932)  
LCDR Cooper F. Welch, Jr. (39947)

LT J. M. Santee (39088)  
LT Jack A. Perkins (40566)

This is the second board to meet

for the selection of Reserve Program Administrators from officers on extended active duty. The first group selected have already been incorporated into the Category B listing by Personnel Instruction No. 37-60 which amended No. 42-59.

These first two boards have considered only personnel on extended 1961, the program will be open to all

Reserve officers, subject to the provisions of paragraph 3.b. (3) of Personnel Instruction No. 20-59.

## WILL YOUR LIFE BE IN TRAINED HANDS?

The OBA tender is an important man in a fire-fighting party - especially to the wearer of the OBA.

When you don an OBA to enter a smoke-filled compartment, feel confident that your tender will recognize and properly interpret your signals. His doing so might save your life and your ship. But the time to train your OBA tender is not at the scene of the fire or after mobilization. It is now - at one of our own organized units!

Bring in a prospective tender, get him to enlist and train as an efficient member of your team. Put Your Life in Trained Hands!

## Reserve Policy Board To Convene 5 December

The annual Reserve Policy Board will convene at Coast Guard Headquarters on 5 December 1960. The Board will consider recommendations of district policy boards which met during the first quarter of the fiscal year. All recommendations are given careful consideration. They are then referred to the Secretary of the Treasury or to the Commandant, as appropriate, with the recommendations of the Headquarters Board on each.

Senior member of this year's Board is CDR Edward G. Cardwell, USCGR, Director of Reserve, CGD12. Other members are CDR Allie B. Angle, USCGR, CGD7; CDR John B. Speaker, Jr., USCG, HQ; CDR Frederick R. Ketcham, USCGR, CGD3; CDR Allen J. O'Brien, USCGR, CGD1; CDR Harold F. Gipe, USCGR, CGD5; CDR John H. Nipp, USCGR, CGD2; CDR Alden E. Lewis, USCG, CGD8 (Director of Reserve); and CDR Elizabeth B. Hall, USCGR, CGD9. CDR Speaker, CDR O'Brien and CDR Hall were members of last year's Board. CDR John V. B. Metts, Jr., USCGR, CGD5; CDR John E. Enis, USCGR, CGD2 and CDR Martha J. Harris, USCGR, CGD5 have been named alternate members.

## Changes of Address Must be Sent to the Command Holding Your Official Records

Whenever you move or change your mailing address, you are required to notify the holder of your official Coast Guard records of your new address.

Report address changes as follows:

- If not a member of a unit: direct to the district commander holding your records.
- If affiliated with a unit: to the district commander via the commanding officer of your unit.
- If an officer on Inactive Status List: to the Commandant (PR), U. S. Coast Guard, Washington 25, D. C.
- If residing outside the United States, whether officer or enlisted: to the Commandant (PR), U. S. Coast Guard, Washington 25, D. C.

A temporary change of residence does not require a transfer of records. However, if you have a temporary residence but mail cannot be delivered promptly, you should notify the holder of your records of your address at the beginning and end of your temporary residence.

Training Program, Mobilization Capability. (This evaluation replaces that by the Area Inspector, since not all units are inspected every year.)

You will remember that last year the "runner-up", ORTUAG 08-427, was awarded the trophy. This plaque will again be awarded to the second-place unit, and in addition the top seven competing units will be presented Certificates of Award for permanent retention.

People come in three classes: the few who make things happen, the many who watch things happen, and the overwhelming majority who have no idea what happened.

## PO1 to CPO Slows

### Some Ratings May Have Long Waiting Period

The recently promulgated Administrative Manual, CG-296, provides for eligibility lists for advancement to CPO. This has become necessary because the Coast Guard Reserve now has all the Chiefs it needs in certain ratings.

If you pass the October examination and meet all other requirements, but are not advanced to Chief, you will be placed on a waiting list. Your relative standing on this Chief's list will be determined in a manner similar to that used by the Regular service--your experience and performance marks taken into consideration along with your examination scores.

If you hold a rating in which vacancies will appear only rarely it may be a long wait, and in such cases it may be wise for you to

consider changing your rating to one which is in greater demand. Vacancies

for Chief currently exist in the following ratings: BM, BT, CS, EN, ET, GM, QM, RM, SK and YN; whereas the majority of other ratings are already filled or will be with the recently completed examination.

Another approach to the problem is to consider applying for warrant grade. Men who have passed the CPO examination are eligible to apply if otherwise qualified under Reserve Instruction No. 19-58.
